Professional Experience

Dennis Dunlap has been a licensed certified public accountant since 1995. He has over twenty years experience in public accounting, providing accounting, tax, and consulting services for privately-held and family-owned businesses. His focus has been on accounting services, business planning, and accounting software solutions for privately held companies and family owned businesses, including contractors, meat processors, and service companies.

In addition to his role as a shareholder, Dennis serves as Dunlap & Associates' Director of Technology Services, where he supervises the activities of the accounting software solutions providers and assists clients in selection and implementation of accounting software packages.
